Additional Design Charge

This charge is made for preparing iterative designs to provide new service to a specific location where such iterations are at the request of the Retail Customer/CR for the Retail Customer's sole benefit. The initial two designs on a project will be included in the system charges; **any additional designs will be done at Retail Customer's expense pursuant to this charge.**

It is the responsibility of the developer to clear rights-of-way, establish final grade and provide staking of property corners prior to the installation of Oncor Electric Delivery Company facilities.
