

**Operating Hours and Coincidence Factors
For LED Traffic Signals**

The following table contains values for operating hours and coincidence factors for LED traffic signals by lamp type approved for use in TXU Electric Delivery's C&I Standard Offer Program.

You still have the option of Measuring and Verifying if you do not accept these figures.

Lamp Type	Operating Hours	Coincidence Factor
Red Ball	4,820	0.55
Green Ball	3,675	0.42
Yellow Ball	265	0.03
Red Arrow	7,885	0.90
Green Arrow	875	0.10
Yellow Arrow	265	0.03
Pedestrian	4,380	0.50
